WELCOME

FROM THE GM.....

Let's Go!!

Semifinal, all to play for and we return to TSS, a former ROLLERDOME back in the day. It was only 8 years ago when we played games out of TSS. Back then, none of our players really got paid, except for one or two with personal sponsors. We also had a run of a few wooden spoons from both our teams. Since we returned to Carrara, the association has had a focus on developing partnerships and paying players and the last five years have seen our teams collectively make four Grand Finals and one championship.

Our boys are one win away tonight, which would make 3 Grand Finals in four seasons, which would be an incredible effort from coach Anthony Petrie, his coaching staff, managers and players.

The Rollers got some great news this week with gun player Reuben Te Rangi being able to return to the Gold Coast for the game. That's a huge addition for us. However Gold Coast junior and former teen heart throb, Preston LeGassick will have already set sail for this last season playing USA college ball. We wish Preston all the best.

We are up against the DARKSIDE tonight – Southern Districts Spartans. Universally despised for many years from other associations. Some of this was due to jealousy of the great success the association has had in junior and senior basketball, some due to the general nefarious nature of the club. It's true they used to steal the best junior players from other associations back in the day, now it seems that mantle has passed to another association.

Look, I don't advocate for hate. It's not good for the soul, however there comes a time and a place for you to find the energy to lift your voice and support your team. Let's get our boys to the GF!
